Profile

As a recent ESIP graduate, I am a passionate young engineer specializing in web development and actively seeking professional opportunities. With advanced skills in software and web development, CI/CD pipeline integration, and a solid foundation in Linux system administration and network management, I am proficient in HTML, CSS, JavaScript, Node.js, and TypeScript. My focus lies in React, Angular, and jQuery, complemented by a strong understanding of data structures and algorithms.

Internships

02/2023 – 06/2023
Gafsa, Tunisia

Web Development Intern TEKSIGHT

I utilized Angular skills to contribute to dynamic user interface development. I collaborated on implementing new features, refining existing functionalities, and deepening my practical understanding of web development.
